

# DIRECTORY 2019/20

## South West Graduate Schemes

+ Over 200 companies

+ Listed by alpha, sector & location

 **Gradsouthwest.com**  
The graduate job board for SW England

## **Want to join a graduate scheme? You don't have to move to London!**

The south west offers great variety and choice to graduates. Employment is thriving across start-ups, SMEs and big-name companies, many of which offer graduate programmes in the region.

The Gradsouthwest Graduate Scheme Directory highlights the breadth of local opportunities in large companies throughout Cornwall, Devon, Dorset, Somerset, Bristol, Gloucestershire, Wiltshire and Hampshire.

If you're looking for comprehensive training, strong career progression and a good salary and benefits package, one of these schemes might be for you.

The Directory is split into three sections – a full listing of employers offering schemes signposting to the graduate web address, and then listings by county area and by sector.

You may be surprised by how many options are available!

This is the second year Gradsouthwest has pulled together a Directory following requests from students and graduates for more information about what is available in the region.

Remember, most employers don't run graduate schemes and nationally, only about 10% of graduates are employed by one. Consider all the options open to you and check out the fantastic range of graduate jobs and paid internships at [Gradsouthwest.com](http://Gradsouthwest.com)

If you have any comments about the Directory or would like to make additions or amendments, we'd love to hear from you. In the meantime, we hope you find it useful and wish you every success with your job search!

**Dr Deborah Watson**  
Director of Gradsouthwest

**Great graduates don't need to go it alone - there's heaps of free, independent information, advice and guidance out there to give you the competitive edge.**

Your first step should be to visit your university careers service. They offer a range of services from workshops to CV reviews and will have a good understanding of your chosen job market.

The best advice we can give you is to APPLY! It might sound obvious but recruiters in the south west sometimes struggle to find a good field of candidates so you should seize the opportunity.

When employers write jobs adverts, they are defining their ideal candidate. Chances are, the successful candidate will be the best fit and won't have everything they ask for. There's some wriggle room. If you can meet most of the criteria and can demonstrate that you are enthusiastic and quick to learn, you are in with a good chance. Take it. APPLY, APPLY, APPLY.

Here are a few pointers for when you do:

- ❑ CVs and Covering Letters - How can you convince recruiters that you're great? We offer some guidance and tips. We also offer a CV review service based on our own experience of what gets you to interview.
- ❑ Interview Tips - This is your big moment. We outline what to expect and how best to prepare. We can also offer interview coaching to give you the confidence to excel under the pressure of an interview.
- ❑ Job Sector Insights - Want to work in the south west? Check out the key sectors in this part of the world.
- ❑ Online Career Tools - Whether you want to find out more about your career options or get familiar with some of the tools recruiters use, there's a host of information.

Finally, don't disregard opportunities in SMEs. They might not have the lure of a big name, but they can offer autonomy, flexibility and the chance to make a big impact in a short space of time. Check out the latest vacancies at [www.gradsouthwest.com](http://www.gradsouthwest.com)

# SW GRADUATE SCHEMES A-Z

Our A-Z full listing of over 200 companies offering graduate schemes with locations in the south west, along with a web address for their careers or graduate pages. Some of those listed are based wholly in the region, others have their HQ here, and some just have one or more sites in the south west but are based elsewhere. It's not always possible to identify whether a graduate scheme is available solely in the south west, but it's a great starting point for your research. So, if you want to do a graduate scheme and stay in the south west, chances are you can!

# ABOUT US

**We're the graduate job board for south west England.**

Established in 2001, we advertise graduate jobs, graduate schemes, paid graduate internships and degree apprenticeships. We're all about getting great graduates into great jobs. We value graduate talent and work with businesses large and small to attract and retain graduate skills across the south west. In 2019, we launched our sister service GradWales.
