- ☐ Property: Real Estate
- ☐ Purchasing / Procurement
- ☐ R&D / Science
- ☐ Retailing, Customer Facing and Sales
- ☐ Supply Chain, Operations & Logistics
- ☐ Vets

Want to join a graduate scheme? You don't have to move to London!

The south west offers great variety and choice to graduates. Employment is thriving across start-ups, SMEs and big-name companies, many of which offer graduate programmes in the region.

The Gradsouthwest Graduate Scheme Directory highlights the breadth of local opportunities in companies throughout Cornwall, Devon, Dorset, Somerset, Bristol, Gloucestershire, Wiltshire and Hampshire.

If you're looking for comprehensive training, strong career progression and a good salary and benefits package, one of these schemes might be for you.

The Directory is split into three sections – a full listing of employers offering schemes with signposting to the graduate web address, and then listings by county area and by sector.

About Our Directory

You may be surprised by how many options there are to do a graduate scheme in the region!

This is the second year Gradsouthwest has pulled together a Directory following requests from students and graduates for more information about what is available in the region.

Remember, most employers don't run graduate schemes and nationally, only about 10% of graduates are employed by one. Consider all the options open to you and check out the fantastic range of graduate jobs and paid internships on Gradsouthwest.

If you have any comments about the Directory or would like to make additions or amendments, we'd love to hear from you.

Contact Us:

www.gradsouthwest.com

admin@gradsouthwest.com

Great graduates don't need to go it alone - there's heaps of free, independent information, advice and guidance out there to give you the competitive edge.

Becoming a graduate opens up a number of possibilities for you, including further postgraduate study, starting your own business, a graduate scheme, graduate job or even the gap year you never had!

Getting a Graduate Job...

You're not short of options - from internships, jobs with SMEs, larger organisations and graduate schemes.

The best advice we can give you is to **APPLY!** It might sound obvious but recruiters in the south west sometimes struggle to find a good field of candidates so you should seize the opportunity.

When employers write jobs adverts, they are defining their ideal candidate. Chances are, the successful candidate will be the best fit and won't have everything they ask for. There's some wriggle room. If you can meet most of the criteria and can demonstrate that you are

Gradsouthwest's Top Tips

enthusiastic and quick to learn, you are in with a chance. So take it. **APPLY, APPLY, APPLY.**

Here are a few pointers for when you do:

- ❑ CVs and Covering Letters - How can you convince recruiters that you're great? We offer some guidance and tips.
- ❑ Interview Tips - This is your big moment. We outline what to expect and how best to prepare.
- ❑ Job Sector Insights - Want to work in the south west? Check out the key sectors in this part of the world.
- ❑ Online Career Tools - Whether you want to find out more about your career options or get familiar with some of the tools recruiters use, there's a host of information.

Our A-Z full listing of over 200 companies offering graduate schemes with locations in the south west, along with a web address for their careers or graduate pages. Some of those listed are based wholly in the region, others have their HQ here, and some just have one or more sites in the south west but are based elsewhere. It's not always possible to identify whether a graduate scheme is available solely in the south west, but it's a great starting point for your research.

So, if you want to do a graduate scheme and stay in the south west, chances are you can!
